Re: Termination of Notice of Non-Compliance, Utah Building Stone Supply Company, Grouse Creek Mountain Mine, M/003/031, Box Elder County, Utah

Dear Mr. Bown:

This letter provides formal notification of the Division's termination of the Notice of Non-Compliance issued on October 24, 2001 for the referenced site. To mitigate the non-compliance notice, four items needed to be addressed. Those tasks and the resolution performed are summarized below:

1. ***Increase the reclamation surety for the new (unpermitted) disturbances*** – The operator was not able to obtain a lease from SITLA to use this area. Consequently, the site was cleaned up and successfully reclaimed by Utah Building Stone. A reclamation surety is no longer needed for this area. The surety estimate for the 0.3 acres of new road amounts to \$200. Since there are other roads that were permitted and bonded that have not yet been constructed, it was agreed to leave the bond as is until the five-year renewal (escalation) is performed in 2003.
2. ***Revise the mine plan to include the new areas of disturbance*** – The staging area has been reclaimed. The new road has been added to the mine plan.
3. ***Clean up the trash in the middle canyon area***, - The inspection performed on July 2, 2002 found that the trash has been cleaned up.
4. ***Mark the boundary of the new area with t-posts*** - Since the staging area has been reclaimed, there is no longer a need to mark the perimeter of this area.

Thank you for your efforts and cooperation in resolving these compliance related issues.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
